List any **Significant Trauma** (Auto accidents, falls, etc. include dates): _____
_____
Any Family History related to your primary concern: _____
Any **Additional Information** about yourself: _____
_____

Prolotherapy Consent for Treatment and Acknowledgement of Billing Practices

I hereby consent to Naturopathic procedures to be performed on myself, (or on the patient named below, for whom I am legally responsible) by Dr. Angela Cortal ND. This consent includes any and all procedures consented to by named patient.

I understand and consent to the following procedures if deemed medically appropriate and indicated: physical examination, dietary advice and therapeutic nutrition, prolotherapy and/or recommendation/referral for additional care or testing.

I understand, as with any health care procedures, that there are certain complications which may arise during in-office naturopathic treatments. Those complications include but are not limited to: pain, discomfort, bruising, infections (0.00033%), itching, loss of consciousness and deep tissue injury from needle insertions, CSF headache/leak, pneumothorax (0.00012% with thoracic sites), infiltration, fractures, disc injuries, dislocations, muscle strain, Homers' syndrome, diaphragmatic paralysis, cervical myelopathy and costovertebral strains and separations, and/or allergic reactions to injectate (0.0055%).

I understand that Dr. Cortal reserves the right to terminate the doctor/patient relationship if I am non-compliant with the treatment plan and/or if a conflict of interest arises.

<u>Initial your consent</u> and acknowledgement of the following:

____ *I understand that all visits and procedures performed by Dr. Cortal through Santiam Community Health are outside of insurance coverage and are not billed to insurance.*
____ *<u>I agree that I am financially responsible for my treatment</u>. I agree to pay for services performed at the time of service. I have been given this information prior to procedures being performed.*
_____ *I understand that Prolotherapy Pop-Up clinic rates are either standard fees, or a reduced rate if I am a Non-profit qualifying patient, have submitted my application, and continue to meet the qualifications. Rates are based on donations and can change. <u>If I am unsure about current rates, I will ask prior to treatment</u>.*

I understand that I have the right to refuse treatment at any time and/or have the choice to get treatment performed elsewhere.

Due to her concern of potentially incurring a needle stick, I understand I must disclose to Dr. Cortal all known and suspected active infections, whether acute or chronic, due to any infectious origin.

I do not expect the doctor to be able to anticipate all risks and complications, and I wish to rely upon the doctor to exercise judgment during the course of the procedure(s) which the doctor feels at the time, based upon the facts then known, that are in my best interest. I have had an opportunity to discuss the nature, purpose and risks of standard of care, abstaining from care and other recommended procedures and options. I have had my questions answered to my satisfaction.

I also understand that standard expectations and effects of treatment have been described, but specific results are not guaranteed. If there is any dispute about my care, I agree to a resolution by binding arbitration according to the American Arbitration Association guidelines. I have read (or have had read to me) the above explanation of the treatments. I state that I have been informed and weighed the risks involved in prolotherapy treatment. I have decided that it is in my best interest to receive treatment. I hereby give my consent to that treatment. I intend for this consent to cover the entire course of treatment for my present condition(s) and for any future conditions(s) for which I seek treatment.

The HIPAA Notice of Privacy Practices is available at www.santiamhealth.org for you to review prior to your visit, where you may obtain a digital copy if desired.

SIGN ONLY AFTER YOU UNDERSTAND AND AGREE TO ALL OF THE ABOVE

Patient Name (printed): _____
Signature: _____ Date: _____
This consent and acknowledgement is hereby valid and active until such time that we receive written notification revoking consent.

Non-profit Participation Application

Why? Because of our mission (see below), applying for non-profit participation allows us to offer you the following discounted treatment (*current* rates as of 2018-2019; can vary based on host facilities):

New visit $150 (instead of $300), return visit $150 (instead of $250).

Initial one or the other below:

___(initial) I am participating with SCH's medical services, but electing to pay full non-discounted rates (thank you! Your fees pay forward to help us help more in our community)

OR

___(initial) I am applying for non-profit participation/discounted rates due to … (only one needs to be checked):

□ **Uninsured or underinsured**

□ **Low Income** (as defined in Oregon by the Department of Housing and Urban Development, which is:

1 Person in household = $41,840; 2 People = $47,800; 3 People = $53.800; 4 People = $59,750; 5 People = $64,550, 6 People = 69,350; 7 People = $74,100; 8 People = $78,900).

□ **Unemployed / Disability / Fixed Income (such as Students, Seniors, those on SSI)**

□ **Significant chronic medical condition(s) creating financial hardship**

□ **Active Military or Veteran** (thank you for your service!)

Name (printed): _____Signature:_____Date: _____

Santiam Community Health Mission Statement

Our mission is to educate, support and provide for those in our community who are under- or uninsured or otherwise experience barriers to receiving comprehensive healthcare.

Through community health education classes, workshops and medical services, we strive to improve the health of our community, one member at a time.

We seek to expand health education and services also to those traditionally under-served by the customary medical model, including: low-income, students, seniors, active military, veterans, those on SSI and/or experiencing significant chronic medical conditions.

All of us at Santiam Community Health are very happy to serve you!
